1. This Office action is in response to the amendment filed 2/20/04 and the telephonic interview of 3/12/04 and refers to the first Office action mailed 11/20/03.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In the claims: cancel claims 16-19.

3. Authorization for this examiner's amendment was given in a telephone interview with Jonathan Schuchardt, Esq., on 3/12/04.

4. The following is an examiner's statement of reasons for allowance: as applicants point out, the combination of the presently-claimed transition metal compound with the presently-claimed cocatalyst results in a greater than merely additive effect in the activity of the catalyst, one that would not have been expected from the prior art alone or reasonable inferences. This constitutes an unexpected benefit sufficient to overcome the prima facie case of obviousness asserted in the first Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Pasterczyk whose telephone number is 571-272-1375. The examiner can normally be reached on M-F from 9 to 5:30.
